

Mayor, Councilmen Pitch In For Annual D. C. Clean-Up Week

GETTING AN EARLY start for Spring Clean-Up Week are Daly City Mayor Anthony Gaggero and Councilman James Kennedy. The annual week to "clean-up, paint-up, fix-up" commences Monday. The city council urges everyone to place all their rubbish in bundles next to their garbage cans on the regular day of pick-up. Everything will be removed except large, heavy items. The Clean-Up Week plan was inaugurated by the fire department in an effort to cut down potential fire hazard and to beautify the city.

ANTHONY GIAMMONA, coach at Jefferson high, is probably the richest teacher in these parts. At least, according to a letter he received from the county of San Mateo, he is.

Received from M. J. PRIGER, supervising appraiser for the tax office, the letter read:

"Dear Mr. Giammona: We would very much appreciate your informing this office the number, make, year and location of your airplane.

This information should be in our office not later than May 20, 1953."

Tony says if he can find the plane, he'll send the information.

You can't get in unless Ray, the cook, likes you, and it's your personality, not financial or social status, that he bases his judgment on.

No juke boxes, radio or TV sets are allowed to interfere with the dining—it's the conversation that counts.

SAN FRANCISCO DROPS WESTLAKE, BROADMOOR ANNEXATION PLANS

Indications were this week that San Francisco has given up its efforts to annex the Westlake and Broadmoor areas, and will sit back and wait for the overtures to come from the two sections.

Edward P. Mancuso, supervisor who has spear-headed the annexation campaign by San Francisco, said yesterday "We haven't called off our efforts, but now it's up to the people of Westlake and Broadmoor to express their feelings."

At the San Francisco board meeting this week the supervisors voted to appoint Thomas Brooks, chief administrator, to secure a citizens committee which would look into all aspects of consolidation between San Francisco, San Mateo and Marin counties.

"We appointed Brooks," Mancuso said, "to keep the consolidation study off a political level." The citizens committee which

Brooks is to appoint is scheduled to make a full investigation into the possibility of consolidation of the three counties.

Meanwhile, San Francisco's amendment to the San Francisco-San Mateo counties consolidation act, which would allow annexation of Westlake and Broadmoor without a vote in this county, has been referred to an interim committee in the state legislature.

Due to the large number of annexation matters coming before the law-makers at this session, all other bills of this nature have also been sent to interim committees for study.

Mancuso said if Westlake and Broadmoor residents express interest, he would be willing to deliver a talk in the near future on the relative advantages between San Francisco and San Mateo county living.

Jefferson High Music Department Will Present Spring Concert Tonight At School

Tonight (Friday) the Jefferson Union high school music department is presenting its spring concert, which will begin at 8:15 o'clock.

This concert might be thought of as a recital for all the students enrolled in the choruses and instrumental classes, since participation in it is a part of their class work. This program affords parents and friends an excellent opportunity to learn more about the Jefferson high school program while they are enjoying themselves, the director said.

FIRE RAZES HOME OF COLMA COUPLE

A Colma couple was left homeless Sunday when a pre-dawn blaze destroyed their one-story house at 149 Second avenue.

Joseph Metekel, and his wife, residents of the home, awakened, smelled smoke and fled from the burning bedroom. Metekel's hair was singed as he escaped from the building, attempting to shield his wife from the flames.

Cause of the fire was laid to an overheated wall heater, which had apparently been on all night long, according to Fire Chief Louis Nannini.

The fire did an estimated \$2500 damage.

Jeff Youth Held After Tussle At Teen-agers' Party

A 15-year-old Jefferson high school freshman is in custody of county juvenile authorities after allegedly inflicting wounds on a 16-year-old San Francisco youth here last Friday night.

The altercation started at a birthday party for a young school-girl at 250 Railroad avenue.

An argument between the Jefferson youth and Leon Warren Hatch Jr. allegedly began at the party over the right of the former to attend the party. The two youths were separated by the girl's father, who lives at the residence, and they and their friends went into the street where (Continued on Page 2)

"Johnny" Johnson Dies Suddenly Here This Thursday

John Henry "Johnny" Johnson, 37, became the second partner of the Hilltop Cab Co. to succumb within six months as he passed away yesterday morning at the home of his mother, Genevieve Johnson, 1158 Brunswick street.

He complained of feeling ill on arriving at the home of his mother and laid down to rest. She heard him gasping for breath and shortly afterward, at about 10 a.m., he passed away.

Jeff Martin, the other partner along with George Kirchhubel, died six months ago.

A resident of 91 Shakespeare street, Johnson had been associated with the cab firm the past (Continued on Page 7)

ENGLEMAN WILL APPEAR TODAY IN MUNI COURT

Stanley Engleman, who has admitted to planting the 12-sticks of dynamite in the auto of Phillip Rancatore, 58 W. Cavour street, last month, was scheduled to appear at 10 a.m. this morning (Friday) in Judge Thomas L. Bocci's Municipal court for preliminary hearing.

Local Police Chief Roland Petroschi said he believed Engleman would enter a plea of guilty.

Meanwhile, Daly City police are continuing their investigation, following up persons implicated by Engleman in recent statements he has made to police.

FIRE DEPARTMENT IN BEES NEST BUSINESS

A swarm of bees that taken up residence at the home of Louis Linhares, 207 Los Banos avenue, were served with eviction notices Monday by the local fire department.

The insects had been allowed to carry on their communal life in the wall of Linhares' abode for quite some time, but on increasing complaint of neighbors, who said their children were being stung, the firemen were asked to do something pronto.

They tore out about eight feet of the wall to get at the hive, where they found a honey comb about three feet wide, four feet high and four inches thick. Its contents were some thousands of bees and about 20 gallons of honey.

After treatment with carbon tetrachloride and an insecticide it was presumed the bees would catch on that they were no longer wanted on the premises.

Westlake Business Incorporates, Name Five New Directors

The Westlake Business and Professional association chose new directors at their meeting Wednesday and set in motion action to become a corporation.

In moving to incorporate, the original organization was disbanded and new directors chosen.

Heading the committee to bring about incorporation will be Julian D. Cohn, assisted by Bernard Etcheverry.

Directors named were: Dennis J. Franco, Virginia Bender, D. Louis H. Minken, Louise Bardellini and Don Miller. They will select officers at a later date.

The new group also agreed to meet weekly on Wednesdays, rather than once a month, due to the press of business.

ANNEXATION TOPIC FOR CHAMBER MEET

Councilman Paul Green will speak on San Francisco's annexation attempt at the Chamber of Commerce's monthly luncheon meeting Thursday.

The meeting will begin at 12 noon at the Lake Merced Golf and Country club.

Burglars Get \$350 From Fieldcrest Drive Home

Burglars broke into the home of Dorothy Zorich, 58-year-old bar and apartment owner, Sunday night and escaped with an estimated \$350 in cash and a valuable jewelry piece.

The thieves gained entry to the one-story residence at 2 Fieldcrest drive by breaking the glass in a front window.

They completely ransacked the house, including the room of Helen Basarabich, Mrs. Zorich's daughter.

Capacity Crowd At Trustee Meet Hears Of Pending Action

A test suit against the Jefferson high school district board of trustees appeared in the near future today as a result of the firing of 11 teachers last month.

Tom Jenkins, attorney, told THE RECORD yesterday that unless the board reconsiders their action, he will file a petition for writ of mandamus "within the next two weeks" to secure re-employment of his client, Joseph Fulford, 40-year-old mathematics and photography instructor.

The attorney said he would fight the firing on the basis that Fulford, who has been a teacher at Jefferson for seven years, already has tenure under an interpretation of the state tenure law.

Already Has Tenure

At Monday night's board of trustees meeting Jenkins told the board and an overflow audience of some 40 persons that he didn't "want you (the board) to think this is blackmail." "However," he added, "I have examined the tenure law and believe Fulford has tenure already, and should not have been dismissed."

On hand at the meeting were representatives of the County Teachers' Association, the San Mateo Union High School District Teachers' Association, the California Teachers' Association and the American Federation of Teachers, all of whom expressed their displeasure at the methods used in the dismissals.

Fosdick Gives Plan

Fosdick, CTA field representative, was chief speaker of the evening. In a half-hour delivery, he condemned the methods used in firing the teachers and outlined a three-point program for solution of the problem.

He said at the meeting at which the teachers were informed of their dismissal, "There was no elation among those who received (Continued on Page 2)

BIDS FOR FIRE TRUCK RECEIVED BY CITY COUNCIL

Bids for a new fire truck were opened by the city council Monday night and laid over for further consideration and recommendation by the fire chief.

Low bid among the eight submitted was that entered by Van Pelt Co., \$17,337.99. High bid was \$20,909.

The bids will be acted on at the May 25 meeting following the fire chief's recommendation.

The council also called for bids for a new water main to be installed on Wildwood avenue and Southgate in Westlake and a well for the Westlake area.

The bids will be opened on June 8.

City Attorney Frank Blum was instructed by the city council to go ahead with abatement proceedings against the property at 98 Mission Circle, owned by L. V. Roberts.

The council said that Roberts has not brought his property up to the standards asked by the health, building, and fire departments.

Firemen's Annual Ball Was "Most Outstanding"

Last Saturday's Widows and Orphans ball, sponsored by the local fire department, was described by many of those in attendance as "the most outstanding" ever held in this city.

More than 3000 persons gathered in the community center for the 20th annual ball of its kind, and the coffers swelled to a gross of \$4500.

Following an hour's stage show by outstanding Bay Area performers, the guests danced until 1 a.m. and enjoyed liquid refreshments. The Daly City fire department has extended their thanks to the general public for their participation.

Hold Trustee Election Today

Voters of the Jefferson elementary and high school districts began casting their ballots this morning (Friday) at 7 a.m. to elect one trustee for each district.

Polls will be open until 7 a.m. this evening.

In the high school race incumbent Mildred McGeein vies with Guy Kitson of Sharp Park.

Facing present trustee Michael Callan in the elementary trustee contest is James McKay, Broadmoor resident.

Below are platforms of candidates as received by THE RECORD:

First—to act as a trustee with responsibility to the people of the district and secondarily to the teachers and other employees of the district.

Second—lower taxes by wise and judicious expenditure of funds for capital improvements or administrative running costs.

Third—increase the present board of trustees to five members from the present three members.

Fourth—use school facilities on a twelve-month basis. Under such a plan (recommended by superintendent of South San Francisco schools) the rooms and facilities needed for 3,000 students can be used by 4,000 students without additional buildings or rooms. This would also stop "double sessions."

Fifth—school recreational facilities should be expanded to include adequate playgrounds which are available under supervised instruction during the summer months.

Sixth—adequate state legislation should be introduced to compel tract builders and subdividers to provide land for school areas.

sions means partial education. I, with the other members of the board, had the foresight to plan ahead so that this would not take place.

My reason for seeking reelection is to see that our building program is completed. This means the completion of the new cafeteria and a second high school at Pedro road and Skyline. The cafeteria is now under way. Regarding the new high school, the land has been purchased and the building plans are waiting for approval by the State Board of School House Planning.

For the above reason, aside from the fact I am interested in the welfare of all youngsters, I would appreciate your vote this coming Friday, May 15th.

When one of them came for him with a broken bottle, the boy allegedly admitted pulling a beer can opener from his clothing and swinging it at Hatch.

The Jefferson youth broke away from the gang, but was apprehended less than an hour later at his home.

In the interim, Hatch's friends rushed him to Alameda emergency hospital, where he was released after X-rays showed no serious injuries.

Officer Charles Munday said apparently the youths had been drinking beer before the argument and after the girl's parents had retired.

All suggestions made were held up for consideration by the trustees.

Elementary Probe
Meanwhile, in the elementary district, the Central Labor council announced that its investigations in the firing of the three elementary teachers was entering final stages.

Thomas Small, secretary of the council, said yesterday that a meeting of the executive board would be held tonight (Friday) at 8 p.m., at which time a report on the firings is scheduled to be delivered.

The labor investigation is concerned with whether some of the elementary teachers were dismissed because of union activities.

Tonight's meeting will be held at 300 B street in San Mateo.

Other activity on the elementary front this week was concerned with the formation of a local teachers' organization.

Teachers' Gathering
A gathering of all Jefferson elementary teachers was called Wednesday night at Woodrow Wilson school by District Superintendent H. Z. Weibel.

Object of the meeting, Weibel said, was to form a local teachers' association to "work amicably together." He said the plan would

He said "considerable enthusiasm" was shown for formation of the organization.

During the meeting a committee of teachers presented their request for a wage increase under two different plans.

One, an across the board request, would grant \$200 a year flat increase in salaries for all instructors.

The other set-up, a six per cent raise, would up the minimum scale from \$3500 to \$3700, and the maximum from \$5825 to \$6174.

The requests will be presented to the elementary board at the May 28 meeting.

KELLY, CANDY BAR KID, GETS KEEP IN COUNTY CLINK

Because he has a strong affinity for candy bars or a distinct dislike for manual labor, Kelly Snowden will appear in Municipal court Thursday for preliminary hearing on charges of burglary.

Snowden was picked up by Officer Ricco Benedetti at the Glen 5 and 10 Cent store, 7380 Mission street, last weekend after allegedly kicking in the window there.

He was munching on a candy bar and made no effort to get away when the officer arrived.

Police records show that he was released from the Santa Cruz county jail only a few hours before his arrest here. He had just concluded serving a six-month term there for kicking in a store window to get his favorite tid-bit—candy bars.

Previous to the Santa Cruz incident, he spent 90 days in the Santa Rita Prison farm, Alameda county. Kicking in the plate glass to get at candy bars was again the charge.

Police figure that Snowden, an itinerant, either has an overwhelming desire for sweets, or dislikes hard work and therefore seeks beat and board, bastille style, at the public's expense.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, May 13 — Practical impetus was given the campaign to open a Daly City servicemen's club Monday night when the city council unanimously voted to underwrite the expenses of such a center, up to \$35 a month.

Mrs. Ann Eason and Mrs. Maisie Boyle, Women's Civic Club, and Mrs. Margaret Steele and Mrs. Hattie Kelly from El Carmelo Parlor No. 181, who have been tireless workers in the effort to open a center for soldiers stationed near here, brought the matter before the council at the May 3 meeting.

Who's the meanest person in town? Youngsters at General Pershing primary school have a very good candidate in the low-form-of-life which, this weekend, stole their onion crop, right out of the School Victory garden. Just ready to harvest, the onions, about a 20-foot strip of them, were made off with by someone with no sense of ethics at all.

It was recently announced that Conchita Morales of Jefferson high school won second place in the entire state of California in the recent essay contest, sponsored by the auxiliary of the VFW. In addition to this honor, Miss Morales took first prize in the eighth district, VFW Auxiliary, which extends from Daly City to Salinas.

Title of her work was "United We Win."

FIFTEEN YEARS AGO IN THE RECORD

Friday, May 13—Charged with felony gambling and alleged to have operated a book-making establishment in Daly City, two men were arrested Saturday by William A. J. Kane detective agency.

Police Chief Barney Hilton said the operators of the place had defied warnings to close.

Thomas J. Callan, Colma rancher whose hogs have been banned by the San Francisco health department in a campaign against trichinosis this week filed two actions in the Superior Court at Redwood City to force Dr. Charles G. Gans, county health director, and Tax Collector Ambrose McSweeney to issue him a certificate

of sanitation and a permit to operate.

Callan claims it costs \$100 a day to operate his \$17,000 hog ranch and that the refusal of Dr. Gans to issue him a certificate of sanitation has prevented him from selling his hogs. He faces bankruptcy, he declares.

Stimulated by the astounding success of Daly City golfers in recent tournament play, local fairway enthusiasts recently started a campaign to send a golf team representing Daly City to the national public links championships, which will be held in Cleveland late in July.

Some of those expected to compete are Einar Hansen, George Gnaul, Bob Silvestri, Jim Kennedy, Art Harris, Howard Capps, Bob Baird, Moe Plasky, the Opperman brothers, Fred McLeod and others.

TWENTY FIVE YEARS AGO IN THE RECORD

Friday, May 11—The members of the Veteran Firemen's association of Daly City have just about completed all arrangements for their annual outing and basket picnic, which is to be held this year on May 27 at Stevens creek. The members of the association and their families are expected to attend in full force, and the public is cordially invited to join in the festivities.

A wedding of much interest to the people of Colma took place Sunday at the Catholic church in Healdsburg, when Susanna Cerri, daughter of Mr. and Mrs. Romeo Cerri, of Healdsburg, was united in marriage with Leo Graziani, son of Mr. and Mrs. G. Graziani, who have made their home in Colma for the past 28 years.

Leo Graziani, who was born in Colma, has been employed for the past ten years in the Bank of Italy at Colma, where he is at present the assistant cashier.

HOW CAN I?

By Anne Ashley

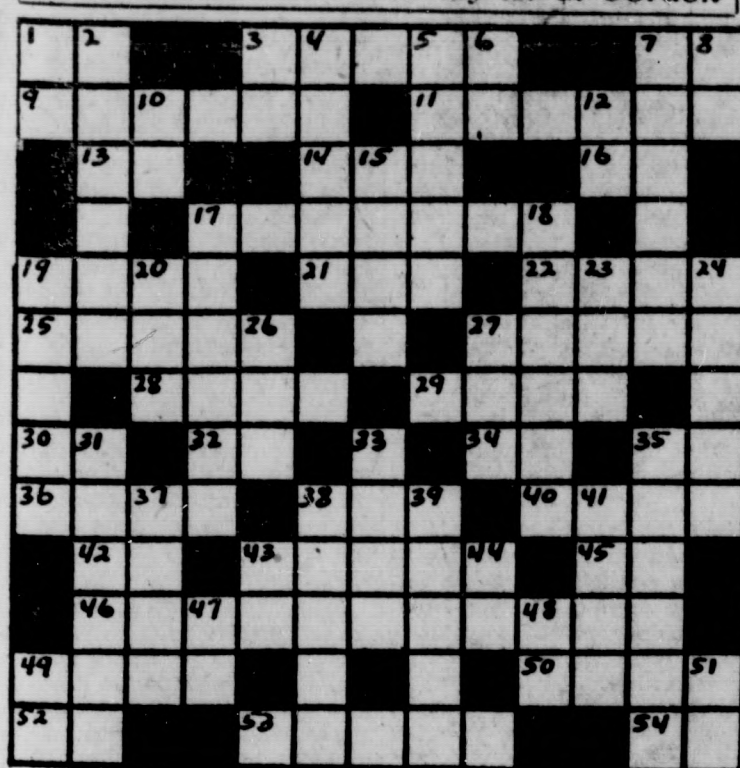

Q. How can I make whitewash adhere better to walls?

A. Be sure to clean well any surfaces that are to be whitewashed, and free them of any particles that might scale off. Scrub with a stiff brush or broom. It is also well to sponge off the area to be whitewashed with cold water, as whitewash adheres much better to moist surfaces than to dry ones.

Q. How can I keep the bird cage clean?

A. Place five or six thicknesses of heavy white paper, cut to pro-

MY MAD WORLD

by Leonore Brewer

With every man his own psychiatrist, it has of late become dangerous to talk idly. Talking idly is the thing I do best, so this current wave of analyzing anybody and everybody at the drop of a word has had a depressing effect on me.

I am told that what one laughs at is a sure indication of the state of one's unconscious (or is it subconscious?). Well, anyway, it undoubtedly reveals unplumbed, murky depths in mine in that I greeted with something less than enthusiasm the announcement that Abbott and Costello have made still another picture.

They are two boys completely devoid of the ability to entertain. They can't act, they're not beautiful and they're not funny. Yet, periodically they grind out a film as one would a sausage, and send it on its way to ruin endless numbers of double bills.

Perhaps their long screen life proves that Hollywood is right after all when they say that the general movie-going public has the intelligence of a low-grade moron and should be treated accordingly. But I find a large measure of pathos in the fact that the public is so eager to laugh that it has supported this tediously dull team for so many years. They have never amused me, but perhaps I have never become that desperate.

Actually a good laugh is rather difficult to come by these days. Films of the stature of "Tight Little Island" and "The Lavender Hill Mob" are events, not weekly occurrences. Most radio wit is built around the gag, which is

greeted by semi-hysterical laughter, so mechanical that it issues from the audience at regular intervals, irrespective of whether anything amusing has been said. If it weren't for my Charles Addams' cartoon books, I, too, might be reduced to Abbott and Costello.

YOUR NEIGHBORS AND MINE

By Betty Brush

Here it is another week of beautiful weather. I seem to have started something when I printed a fish story. Seems that there are many of the neighbors who class fishing as their No. 1 hobby. Daly City is lucky to be so close to Lake Merced which is stocked (?) with those beautiful rainbows.

This is a sport that the whole family can enjoy — mother who packs the lunch, father who packs the rods and reels, and all the kids that want to fish but who spend more time eating than anything else.

This is the latest story that has been passed on to me to give to you: It is possible to catch a fish with just a piece of string, a hook, and a garden worm. For those wishing more action—bring a plug of tobacco along. Throw some in and when they come up to spit, hit them over the gills with the rod. This is the advice of a veteran fisherman who should know whereof he speaks. Oh yes, if your tobacco is strong, the limit is four fish per day per person so why not have a family picnic on the shores of Lake Merced. You'll be surprised how many of "the neighbors" you will meet there.

Our very popular beautician, LYNNE BOSKEY, is sponsoring a bowling team for the summer league at the Brentwood Bowl. The ladies meet every Friday night at 6:30 p.m. and so far have won two out of their last three games. The ladies on the team are MESDAMES LORRAINE FAZENDIN, MELVA RODRIGUEZ, KAREN PETERSEN, SHIRLEY PETERSEN, and LYNNE BURCHFIELD. They play a fifteen week summer series and here's all the best of luck to the ladies from "your neighbors and mine."

News and Views

The dinner given jointly by HILLCREST CIRCLE, CYPRESS CIRCLE and OLIVE GROVE ORDERS OF DRUIDS last Saturday evening was voted by all who attended, a huge success. The food was good as well as plentiful and very artistically and ably served. Now that the dinner was such a success let's all get behind the ladies and gentlemen who worked so hard and see if we can't help them to put over the HOBBY SHOW. You know, neighbors, these people are not doing this for their benefit—rather it is for your children and mine! There is a lot of work and preparation that goes into anything as large as this. If your children haven't entered their hobby as yet, remind them that the HOBBY SHOW is this weekend. If there are any questions all you have to do is call MRS. EVE HOBBS at JU. 7-9792 and she can help any who are interested.

Among the many who have birthdays this week are—DAVID FAZENDIN who is now eight president of the California-Nevada district, will preside at the business sessions which begin at 1:30 p.m.

Mr. Friedrich, whose headquarters are in St. Louis, is executive director of the Lutheran Laymen's league, and head of its far flung operations which involve an expenditure of nearly two million dollars a year.

A banquet will be held on Saturday evening, May 16, which will feature an address by Assistant Agent George Bachman, of the Federal Bureau of Investigation.

years old. On Sunday afternoon he had a birthday party at the home of his grandmother, MRS. GRACE HILL, and then on Monday afternoon he had another party at his own home for all his friends from school. Happy birthday, David, from all the neighbors.

There were two more birthdays in this same family to be celebrated in the past week. LESLEY HILL and JACK NORWOOD also celebrated their birthdays, but I'm sure that they had ever as much fun as the younger generation did, even though there wasn't quite so much ice cream and cake consumed. Happy birthday to you also, fellows.

MRS. DWIGHT O. JOHNSON entertained at an informal luncheon and get together for the leaders of the Presbyterian church at her home in Woodside last week. Those who enjoyed the trip and luncheon were MRS. HARBERTS, MRS. GARRISON, MRS. JAMES W. FAIRBANKS and MRS. REX M. SPRUILL. The honored guest for the day was MRS. VARER JERROLD of San Francisco, who is the president of the Presbytery of northern California.

Members of the DALY CITY GARDEN CLUB attended the Berkeley Garden Show last week. They filled two station wagons which were chauffeured by MRS. B. GARAY and MR. DE LEON of the plumbing De Leons. The garden club is to be congratulated as one of their entries submitted by the Junipero Serra Floral Arts Nursery won the first prize for their Gloriosa.

MR. E. F. EMERSON, father of one of the neighbors, has been seriously ill for the past two weeks. He has now returned home from the hospital where, according to the latest reports from the doctor, he will be one the road to recovery before long. All the best wishes from your neighbors and mine to you, ED. We all know that you would never let a little thing like lead poisoning get you down.

There will be a face missed by many of the neighbors from now on. MR. JOHN KENNY, the pleasant and accommodating collector for the Metropolitan Insurance Co. is leaving us. He is taking his family to Marin county where they will have all the room they need to roam around in. Your neighbors will miss you, John, as you have greeted us once each month for many years with many a smile. Good luck in your new home and job from all "the neighbors."

MRS. HICKS, formerly of Hillcrest drive, was injured in an auto accident a few weeks ago. She

Garden Club Enjoys Oakland Exhibition

Seen having a wonderful time at the Oakland Flower Show on a Monday evening were 13 members of the Daly City Garden club who made up a party and were driven over by Mr. de Leon and Mrs. Garay in their station wagons.

The following night was the evening garden tour for club members and their guests. Just a few of the high lights of the tour were the French lilacs and roses blooming in the garden of Mrs. Jean O'Rourke, the cleverly planned hillside garden of Mrs. Dora Hunter, the newly installed sprinkling system which reaches every planting area in the garden of Mrs. E.

was riding with her daughter, MRS. FLORENCE JESPERSEN and her grandson, BILLY JESPERSEN at the time of the accident. After spending some time in St. Francis hospital she is now at the home of her daughter. It will be some time before she will be able to get around as she suffered a rather badly broken leg. All the best wishes are extended to her from all the neighbors.

MRS. EVE HOBBS was installed as Arch Druidess of Hillcrest Circle No. 143, U.A.O.D., last Monday evening. During the ceremonies MRS. MARIE MARKGRAF was presented with her pin by the Circle for successfully having completed the chairs in the Circle. After the installation, which was well attended, the members and their guests adjourned downstairs where they were served chicken, rolls and apple strudel and coffee.

MRS. ROSE WATSON made all the decorations which were in the form of old fashioned bouquets and MRS. MARTHA WAGNER was in charge of the refreshments. All the best wishes for a successful term are extended to Eve in her new term as Arch Druidess. All who know Eve know that she will make a grand Arch Druidess and that she has all the co-operation of all the members of the Circle behind her.

Service men

PVT. JERRY FAGAN, brother of ROBERT FAGAN of Santa Barbara avenue, has left his old home town after a twelve-day furlough for that well known place—Korea. Jerry goes to join a long line of Daly City boys who have taken the same boats and walked the same hills that Jerry will walk. Good luck, Jerry, and all the best wishes for your safe return from "your neighbors and mine."

Ex-G.I. GEORGE McCLEOD of Miriam street has now returned not only to civilian life but also to his former position with the Bank of America. We hear that there will be a new home in the near future for the McCleod family and all the neighbors wish them happiness in the future.

Items of Interest

Daly City has a new citizen this week. Two of the proudest parents and also two of the cutest are MR. and MRS. JOSEPH EAGEN of our town. On May 5 they became the parents of a baby girl whom they have named DEBORAH JEANNE. This little lady tipped the scales at 8 lbs., 3 oz. Congratulations to Joe and Jeanne on the new addition to their family.

Something else has come to the ear of your "town crier." Seems there is a bunch of gals who call themselves the "GOURMETS." This bunch has so much fun that they are arousing the curiosity of all the neighbors, who would like to know — just who the Gourmets are? They meet twice

a month at each other's house and twice a year they take off and do the town. Your guess is as good as mine. Who are they?

MRS. HILDA HEAGNEY just returned home from the PTA convention in Long Beach. She has just been installed as president of the Jefferson union high school PTA. Hilda is getting brave in her new office—she flew down and then flew back. Hilda has been active in PTA and Girls Scouts for many years and all her many friends wish her success in her forthcoming term as president.

Well neighbors, keep the news coming. Seems amazing, the goings on in this town of ours. Until the next time—remember the phone number is PL 5-6482, and I'll be writing for you. 'Bye now.

You'd be surprised . . .

We get lots of used cars that still have something of that "new car smell." All are as clean as a youngster on his way to Sunday school. Some have less than five digits on the speedometer. Good used cars and nothing less—that's what you'll find here.

INDIANS SHARE LEAD AFTER CAP SETBACK

Jefferson high's varsity was knocked out of undisputed possession of first place in the PAL Friday, dropping a 2-1 decision to Capuchino high.

The Indians pitchers allowed the Mustangs only three hits, but a wild throw by Don Delbon gave the Caps their needed opportunity.

With Ken Wilson and Bing Cerri on in the second frame, Pitcher Delbon fielded Dick Caliva's sacrifice bunt and over-shot first base, allowing both runners to tally.

The Jeffs came back with one run in the sixth when Larry Blanchard singled, tagged up to second base on John Madden's long

LOCAL WIDOW IS AWARDED \$16,000

Mrs. James J. McGuigan of 66 Garwood drive, was awarded \$16,000 in San Francisco Superior court last week for the death of her husband on May 1, 1948.

The judgment went against the Southern Pacific company, where McGuigan formerly worked.

McGuigan succumbed from a heart attack while disassembling the Lark train. The case was first tried in 1951 before Judge Frank Deasy in San Francisco, resulting in a nonsuit decision against Mrs. McGuigan.

Mrs. McGuigan's attorneys, Luther Carr of Burlingame and Frank A. Dutton of San Mateo, appealed the case to the state supreme court and secured a reversal of Judge Deasy's nonsuit.

The jury decision came after a seven-day re-trial of the case held before Judge William F. Traverso.

McGuigan was the brother of Thomas J. McGuigan, assistant manager of the Burlingame avenue branch of the Bank of America.

FOUR JEFFS IN TOP SIX BRACKET FOR PAL HITTING

Four members of the Jefferson baseball team moved into the top six for batting honors of the northern division of the PAL last week.

Don Delbon, hitting at a 416 clip, holds third position, followed by his team mates, who are hitting in the following order: Larry Blanchard, .385; Joe Earnshaw, .347; and Joe Madden, .347.

In team batting the Indians are third behind San Mateo and Burlingame with a .276 average.

Joe Lewkowicz is the golden boy of the local hurlers with 4 wins and one loss. In 3 1/2 innings pitched, Lewkowicz allowed 21 hits, gave up 15 walks and had 31 strikeouts.

Delbon has one win, two losses on his hurling record with 22 strikeouts to his credit. Lowell Creighton is pitching 1000 with one win and no losses.

HEAT CAN BE REDUCED

Nearly every car owner knows that it is heat that destroys his tires, the heat induced by friction. One way to reduce the amount of heat, according to the National Automobile Club, is to keep the tire properly inflated. The rise in temperature owing to constant flexing of the walls thus is eliminated.

FLUSHING STILL HELPS

One of the old but still effective features of giving the car proper care has to do with an occasional flushing of the cooling system, points out the National Automobile Club. That cooling systems are larger does not change the fact that they still collect a certain amount of scale. Eventually, it will block the system. Flushing every two or three months helps.

Said bonds are numbered from 1 to 840, inclusive, and each is of the denomination of One Thousand Dollars (\$1,000.00) and shall bear interest at a rate not to exceed five per centum (5%) per annum, payable annually for the first year the bonds have to run and semi-annually thereafter on the first day of JUNE of each year, principal and interest payable in any coin or currency which on the respective date of their payment is legal tender for the payment of public and private debts at the office of the Treasurer of said County of San Mateo at Redwood City, California, and will each bear date of JUNE 1st, 1953. Each bidder shall specify in his bid the rate or rates of interest he desires said bonds to bear, not to exceed five per centum (5%) per annum, and the premium offered, if any. Bidders may make one or more alternative bids or offers for said bonds at different interest rates. Split rate interest bids will be received and it shall not be necessary that all bonds offered for sale bear the same rate of interest, but such interest shall be in multiples of one-quarter of one per cent. The definitive rate of interest said bonds shall bear shall be determined at the time of sale. The best bid will be determined by deducting from the total amount of interest which the district would be required to pay up to the maturity of the bonds, at the coupon rate or rates specified in the bid, the amount of the premium, if any, bid therefor, and the award will be made at the lowest net interest cost to the District.

The number of years said bonds will run and when payable are as follows:

\$35,000.00 of said bonds shall mature on the 1st day of June in each of the years from and including 1954 to and including 1959;

\$30,000.00 of said bonds shall mature on the 1st day of June in the year 1975.

Said bonds will be issued in pursuance of election held in said school district on the 5th day of FEBRUARY, 1953, and in conformity with the laws of the State of California, and pursuant to and in compliance with and in the form prescribed by resolution and order of said Board of Supervisors adopted on the 5th day of MAY, 1953, and entered in the minutes of said Board, to which reference is hereby made for greater particularity.

At said election 1531 votes were cast, 1 of said votes being cast by absentee ballot, 1246 of said votes were cast in favor of the issuance of said bonds, 234 of said votes were cast against the issuance of said bonds, and 51 ballots were void and not counted.

Such proposals and bids may be addressed to said Board of Supervisors and bids may be made for either the whole issue of said bonds or for parcels thereof. Bids must be for not less than the par value of the bonds bid for, and be payable in cash in lawful money of the United States. The right is reserved to sell said bonds as a whole or in parcels and to reject any and all bids. Bids must be accompanied by a certified check, certificate of deposit or cashier's check upon or of some responsible bank in the sum of Five Thousand Dollars (\$5,000.00), payable to the Chairman of the Board of Supervisors and conditioned that if the proceedings be legal the bidder will purchase said bonds at the price bid and pay for the same at the office of the Treasurer of the County of San Mateo within five (5) days after notice given that such bonds are ready for delivery. Said bonds will not be delivered prior to July 1, 1953.

The assessed value of the property situated within the said school district, as shown by the last assessment roll, is \$27,763,762.00, and there is an outstanding bonded indebtedness in the sum of \$558,000.00, which indebtedness will be reduced to \$548,000.00 on June 15, 1953.

The purchaser will be required to furnish his own legal opinion as to the legality of said bonds.

JANET GRAY—NEW "VOICE WITH A SMILE"

Like many other young graduates, she'll soon be stepping into her telephone future

Janet Gray might be any of hundreds of young women—from high schools, colleges and commercial schools—who will start telephone careers in the coming weeks. For Janet and her new colleagues, it's a big event. They'll have many interesting types of jobs to choose from. They'll be paid full salaries while they learn their jobs. And they can count on frequent raises. For Janet, the opportunities to advance are excellent. Because women are important in our business...many hold management jobs.

Thousands of telephone people promoted last year

Last year, several thousand telephone men and women here in the Pacific West were promoted to better, more responsible jobs. Making sure we always have a well-trained force of men and women on the job is one more way we insure good telephone service for you.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Many young men, too, will be starting telephone careers in the next few months. Their skill and experience will grow through training and actual work on different telephone jobs. And, when qualified, they'll be eligible for promotion to more responsible positions. For it's tradition in our business to choose tomorrow's telephone executives from among the young men starting their telephone careers now.

Girl Scout Camp Committee Is In Full Swing Now

Now is the time of greatest activity for the Girl Scout campership committee. This committee is composed of one representative from each of the following districts: Daly City, South San Francisco, San Bruno and Millbrae.

Appeals for financial assistance have already been sent to various organizations, and now the committee is busy checking applications in preparation for awarding Camperships. The best authorities agree that awards should not be based entirely on lack of ability to pay. Merit definitely should be a major factor, particularly in the minds of those receiving the Camperships.

Too many worthy children have been denied a camp experience (usually by proud parents) because of the stigma of poverty which sometimes becomes attached to camperships, the committee stated.

A child who gets his expenses paid to camp should be made to

Portulaca Is Good For Sunny Spots

Setting out Portulaca (moss rose) transplants is good for what ails many sunny problem spots. This vigorous annual thrives on full sun exposure and withstands considerable drought. Yet it has the courage and stamina to sprinkle the ground with masses of little rose-like double flowers in nearly all colors of the rainbow.

Portulaca is one of the most free blooming annuals available. And its harvest of odd textured foliage and dazzling flowers appears in a remarkably short period of time after plants are set out. Portulaca can even be transplanted when in full bloom, and it continues to produce well late into the fall.

Portulaca is properly treated as an annual ground cover, according to the Bedding Plant Advisory Board. Some use can be made of it in rock gardens and for pocket plantings on walls, but its low spreading growth and 4"-5" total height dictate primary usage as a ground cover.

The foliage of portulaca is similar to that of the perennial ice plant, with its long succulent finger-like leaves. The flower form, however, is fuller and longer bloomed, with a wider range of color. And simple cultural requirements make portulaca a lazy man's dream. The plump fleshy plants stand an amazing amount of neglect and still grow unchecked. No pests bother them and they adapt themselves to any soil type. Fertilizer is unnecessary as they thrive on poor soil, and cultivation is needed only to keep the weeds under control.
